## Cross-Conference Learning Labs

Wednesday, Feb. 21

10:00 – 11:30

In order to provide a chance for feedback and networking among annual conference teams, we will offer Learning Labs on the last day of the training. During this time, conference teams will present their plans thus far to the other participants. After each presentation, give time for questions and feedback.

We hope this conversation will help you strengthen your plan and provide ideas about additional resources that may be available.

The training event concludes when your small group has completed its work together. We appreciate your participation this week and wish you safe journeys home.
